The Iron King

By Maurice Druon

HarperCollins Publishers, United Kingdom, 2013. Paperback. Book Condition: New. Reprint. 196 x 128 mm. Language: English . Brand New Book. This is the original game of thrones George R.R. Martin From the publishers that brought you A Game of Thrones comes the series that inspired George R.R. Martin s epic work. Accursed! Accursed! You shall be accursed to the thirteenth generation! The Iron King - Philip the Fair - is as cold and silent, as handsome and unblinking as a statue. He governs his realm with an iron hand, but he cannot rule his own family: his sons are weak and their wives adulterous; while his red-blooded daughter Isabella is unhappily married to an English king who prefers the company of men. A web of scandal, murder and intrigue is weaving itself around the Iron King; but his downfall will come from an unexpected quarter. Bent on the persecution of the rich and powerful Knights Templar, Philip sentences Grand Master Jacques Molay to be burned at the stake, thus drawing down upon himself a curse that will destroy his entire dynasty.

The Iron King is the first book in the Iron Fey series by Julie Kagawa. Meghan Chase is featured on the cover. My name is Meghan Chase. In less than twenty-four hours, I'll be sixteen. Countless stories, songs and poems have been written about this wonderful age, when a girl finds her true love and the stars shine for her and the handsome prince on a white horse carries her off into the sunset. I don't think it will be that way for me. I wonder what's in store. The king cries like a baby all the time, his ministers are just there for scenario as they have no soul or attitude. There is this one funeral scene when the royal family should be very emotional but instead they look bland and cold about the situation; -> Jung Kyeong-Bi is annoying. Her character is unlikable.Â joshua Feb 23 2012 5:29 am is this " the iron king" a true live story and where did the father of Lee Jin Ah Shi went to. song yeon Sep 23 2011 6:40 am frumos film cel mai tare. The Iron King presents readers with the good and bad sides of scientific and technological innovation: The world of the Nevernever is slowly being eaten away by technology, pollution and global warming, a fact author Kagawa weaves subtly into the narrative. Technology brings human progress but also imprisons people; it's causing the fairy folk of A Midsummer Night's Dream (which some readers may be inspired to check out) to be forgotten and lost.
