“Fulfillment” terminology in the NT is appropriate only for events that literally fulfill events predicted in the OT. Old Testament predictive prophecies of the first coming of Christ furnish some of the illustrations. Other examples come from non-prophetic portions of the OT. Two types of NT treatments of OT prophecies. Literal Use of the OT in the NT A number of OT passages receive a literal treatment, that is, the NT records actual events or principles that satisfy the grammatical-historical sense of the OT passage. Several examples illustrate this. Study catholic bible compare in your journal the prophecies- messianic -anointed one's promise as , predicted- john 1:41;4:25 and lk 1:69-71; 2:22. 2:15; fulfillment of the promises of moses lk 24:26-27, honored the teaching of moses MK 7:10 and is called teacher jn 20:16 and eph 2:20...? The child of humans- son of man of the heavens- ot. What is: ...bar NASA came on the clouds of heaven was ministered to by heavenly beings and was given by god an everlasting kingdom ?read daniel 7:9-28. The child of humans- son of man of the heavens- nt. SUBJECT OT Prophecy NT Fulfillment. As the Son of God Ps 2:7 Lu 1:32,35. As the seed of the woman Ge 3:15 Ga 4:4. What correct Prophecies are you talking about. All the prophecies written about the Messiah in the OT? I mean there are a bunch of these prophecies that were fulfilled by a man named Jesus, Right? The fulfillment of these prophecies must clearly indicate the Jesus is the Messiah and the Son of God so obviously Atheists must be really dense or blind when we say there is no evidence. Oh wait a minute, something seems wrong here. As the story goes, Jesus was well aware of what was written in the Torah. A self-fulfilling prophecy is the sociopsychological phenomenon of someone "predicting" or expecting something, and this "prediction" or expectation coming true simply because the person believes it will and the person's resulting behaviors align to fulfill the belief. This suggests that people's beliefs influence their actions. The principle behind this phenomenon is that people create consequences regarding people or events, based on previous knowledge of the subject. Prophecies concerning Divinity Prophecy, Inspiration Of Ot. When a prophet speaks in the name of the Lord, if the thing does not come about or come true, that is the thing which the Lord has not spoken. The prophet has spoken it presumptuously; you shall not be afraid of him. 1 Kings 20:35-36. Now a certain man of the sons of the prophets said to another by the word of the Lord, “Please strike me.” But the man refused to strike him. Then he said to him, “Because you have not listened to the voice of the Lord, behold, as soon as you have departed from me, a lion will kill you.” And as soon as he had departed from him a lion found him and killed him. 1 Kings 8:15-21.
