

## A WORKING BIBLIOGRAPHY OF DAVID DRAKE'S WRITING

by Karen Zimmerman, May 2012

David Drake sold his first story in 1966 and continues to write novels, short fiction, essays and other miscellaneous pieces. Although he is sometimes referred to as the "King of Military Science Fiction," his fiction spans multiple genres. He claims to have written just about every subgenre except SF romance. This is a *working* bibliography, not a *complete* bibliography. This list does not include foreign imprints, and offers only a sampling of electronic text versions. The list continues to be updated at David's official web site: <http://david-drake.com>. His web site also contains other pieces of his writing unavailable elsewhere, including his translations of Ovid, not included in this bibliography.
