

**The Department of Health and Human Performance**  
**College of Education - University of Houston**  
**2002 – 2003 Academic Year**  
**Dr. Charles Layne, Chair**

For the Department of Health and Human Performance, the 2002–2003 academic calendar year can be characterized as one of change. On August 14, 2002 Provost Dr. Edwin Sheridan approved the transfer of the Nutrition Department from the Department of Human Consumer Sciences and Family Studies in the College of Technology, to the College of Education. The practical impact of this transfer is that the department gained two tenured professors, Drs. Kim Matalon and Ira Wolinsky; two clinical professors, Dr. Sharon Bode (Dietetic Internship director) and Mr. Andrew Rorschach; 130 undergraduate students majoring in one of the two Nutrition Didactic degree programs, and 30 nutrition interns.

On September 1, 2002 Dr. Charles Layne became interim department chair. In December he was named chair of HHP by Dr. Wimpelberg, Dean of the College of Education, and Dr. Demetrius Pearson retained his role as associate chair. During the seven-year tenure of interim chairperson Dr. Dennis Smith, HHP made great progress toward fulfilling the Provost's mandate of promoting high quality research productivity in identified research *niches*. Under Dr. Smith's leadership, HHP adopted research niches that included *High Risk Health Behaviors in Youth, including Tobacco and Fitness among Urban Populations*.

The expansion of the department, a result of having acquired the Nutrition program, necessitated the examination of how best to capitalize on preexisting, as well as new strengths. To determine the best “fit” for nutrition programs, Dr. Layne appointed an ad hoc committee to address the reorganization of the department to facilitate intergradation of the nutrition programs into the organizational structure of the department.

As a result of several "open" faculty meetings, it became apparent that the majority of the faculty supported an "integrated" organizational structure with each academic area retaining the dominant influence in their area, but with full departmental committees administering the degrees and programs. This organizational structure was approved by a vote of the faculty in December, 2002.

Ms. Rachel Barron resigned as office coordinator in September, 2002 and was replaced in December by program coordinator, Ms. Joy Wilson.

In October, Dr. Marco Mariotto indicated that the Doctoral degree programs in HHP would be undergoing external reviews and that the Health Ed.D would be first. The external review is scheduled to take place early in the Spring 2004 semester.

In October, Dr. Luc Tremblay joined the faculty as an assistant professor in the motor behavior area.

Professor Pat Buckner retired in December, 2002 after serving as a professor in the department for 33 years.

The Recreation and Intramural programs moved out of the Garrison/Melcher complex in January, 2003. Throughout the Fall, discussions were held with many campus units concerning the future of the Garrison/Melcher complex. These discussions continued throughout the Spring and Summer semesters. At this time, the end product of these discussions is that Garrison Gymnasium will be converted to a Math Emporium; control of the swimming pool will be transferred to Athletics; and HHP will retain control of the

Garrison weight room and the former Recreation offices. The student locker room is to be converted into general purpose classrooms and office space for the new Air Force ROTC program.

The new departmental organizational structure began operating in January, 2003. The administrative structure had been "flattened" such that three committees were designated to administer the degree programs. These committees were named the Undergraduate, MED, and Graduate Research Degree (GRD) committees.

In January Dr. Layne appointed the ad hoc Constitution and By-Laws committee to modify the departmental constitution. Following the work of the committee, "open" faculty meetings were held to obtain feedback. In June, the faculty voted to approve the new constitution that reflected the organizational structure previously agreed upon in December.

In April, Dr. Ira Wolinsky announced his retirement and VMOE appointment. Subsequently the department approved his appointment as Professor Emeritus.

Dr. Dennis Smith's application to full professorship was approved in April, 2003.

In May, Dr. Faith Foreman resigned her position as assistant professor and was reappointed as a clinical professor with teaching.

In June, 2003, Dr. Luc Tremblay resigned his assistant professor position and returned to Canada.

Ed.D. 2002-2003 graduates include: Maria Felicia Cavallini, Gloria J. Green, Lorraine E. Killion, and Gregory Jason Soukup.

M.Ed. 2002-2003 graduates include: Celena Linda Bernal, John Brooks, Carla Jeane Bulla, Georgia Grace Cruz, Anne Marrie Correne Daniel, Darin James Eliot, Adrian B. Fredericks, Megan Elizabeth Labernz, Emma Maria Lindblom, Anu Elizabeth Mathew, Yamelis Ortiz, Hugo Eduardo Oteiza, Kesha Dionne Rector, Timothy Bozoian Riley, Brent Edward Robinson, Laura Ann Rudnick, Robert Frank Schwartz, Marcie Delane Sellars, Stephano E. Meyers, Toni Sheree' Smith, DaTechia Wuaneece Specht, Norma Alicia Ticas, Pamela D. Waller, and Tracy Leigh Wisdom.

Ph.D. 2002-2003 graduates include: Mary Frances Baxter, Juan Gualberto Cremades, Mark D. Gaus, Jay Ted Lee, Lisa Marie Liszcz, and Daniel Patrick O'Connor.

M.S. 2002-2003 graduates include: Julie Nicole Anderson Butcher, Robert Dale Jones, II, Thomas Francis Kennedy, III, Shaheen Ladhani, Augusto Xavier Rodriguez, Andrew L. Hodge, and James Frederick Thompson.

We employed 76 different people throughout the year.

Health and Human Performance department scientific productivity, accomplishments, and awards are presented below.

24. Nutritional Assessment of Athletes, Judy Driskell and **Ira Wolinsky** (eds.) CRC Press. This part of a series that Ira has edited on Nutrition in Exercise and Sports.

### **Honors, Awards, Kudos**

1. **Dr. Bloom** was awarded the Conference USA Award of Excellence for Teaching and Advising.
2. **Boling W.** College of Education Assistant Professor Faculty Research Excellence Award (FREA).
3. **Boling W** - selected to serve on the The National Commission for Health Education Credentialing (NCHEC) Board of Commissioners.
4. **Boling W.** and **Foreman, F.** Selected to participate in the UH System CampusNet Online Workshop (May, 2003)
5. **Clarke, M.S.F.** NASA Space Act Technology Development Award for a technology entitled "Directional acceleration vector-driven displacement of fluids (DAVD-DOF)"
6. **Dr. T. Jackson** was quoted in the Washington Post regarding the role of exercise in longevity. <http://www.washingtonpost.com/wp-dyn/articles/A944-2003Jun16.html>
7. **Dr. Pearson** was elected to the TAPHERD Executive Officers Nominations Committee - December, 2002
8. **Dr. Whisenant** was elected as TAPHERD Chair-Elect to the Sport Management Section - December, 2002
9. **Dr. Whisenant** was certified as a Leadership Training Instructor for the National Interscholastic Athletic Administrators Association - December, 2002

### **Student Accomplishments**

1. **Andrew Abercromby** was awarded the 2002 Engineering Student of the Year for all of Scotland.
2. **Andrew Abercromby** and **Katey Forth**, graduate students in Motor Control, were featured in the funded Daily Cougar at <http://www.uh.edu/campus/cougar/Todays/Issue/news/news2.html> for their summer work at NASA/Johnson Space Center.

3. **Tynisa Bennett**, Exercise Science major, has been accepted into Texas Women's University's Physical Therapy program.
4. **Melynda Boerm** was elected as the 2003 Chair of the Health Promotion Section within the Health Division.
5. **Brent Bordon**, freshman Kinesiology major, was featured on the front page of the Daily Cougar on June 11, 2003 for his abilities as a samba dancer on Star Search.
6. **Georgia Cruz** was recently accepted into the Texas College of Osteopathic Medicine, University of North Texas.
7. **Katey Forth** was the university's featured student in the December GPS News published out of Dr. Mariotto's Graduate and Professional Studies Office.
8. **Heather George** was appointed Head Trainer for Magnolia ISD.
9. **Keri Kabula** was appointed Assistant Softball Coach at George Washington University.
10. **Melissa Knox**, senior dietetic student, was awarded a \$1000 scholarship from Texas Dietetic Association Foundation. The award is the largest scholarship that the foundation gives out and goes to one of the two top ranked applicants statewide.
11. **Timothy Lamando, April Fortenberry, Crystal Mercer, Stacy Fontenot, Sheila Nava, Donna Sanchez, and Sal Garza** attended the TAHPERD Leadership Conference in Seguin, TX on March 8-9.
12. **Stephanie Morales** has been appointed Account Services Manager for the Rockets and Comets.
13. **T. Riley** was appointed Assistant Operations Manager for the UH Athletic Department.
14. **Lisa Rodriguez** and **Cassandra Alston** were elected as student representatives to the Girls and Women's Sport Section.
15. **Roxanna Sanchez** and **Christian Buensuceso** were elected as student representatives to the Ethnic Minority Section.
16. **Tracey Shankle**, a recent graduate of our department, is currently working at Koala Health and Wellness Center. She also has been accepted to PT school at UTMB.
17. **Stormy Smith** was elected as student representatives to the Sport Management Section.
18. **Joseph Williams** was appointed NPO Coordinator at Reliant Stadium for ARAMARK.
19. **Tracy Wisdom** was accepted into a doctoral program at University of Northern Colorado .

## **Health and Human Performance Student Award Winners**

### **2003 Graduate Achievement Award**

Human Performance  
Health

Katharine Emily Forth  
Anne Marie Daniel

### **2003 Undergraduate Outstanding Student Awards (based on GPA and number of nominations)**

Exercise Science  
Sport Administration  
Movement Studies  
Health  
Nutrition

Wyoniquea Mosley  
Christian Buensuceso  
Kevin McClosky  
Ravish Kapoor  
Melissa Knox

The Department of Health and Human Performance offers B.S. degrees in Kinesiology (Exercise Science, Fitness and Sports, and Sports Administration) and Human Nutrition and Foods (with and without ACEND Accreditation). Admissions Requirement. University of Houston students who have completed 60 or more semester hours of college level work at either UH or other schools must have a minimum 2.30 cumulative GPA in the last 60 semester hours to enter one of the Department's degree programs. The computation of the GPA over the last 60 semester hours will include all grades for the semester in which the 60th hour occurs. Students on probation or suspension are not eligible to enter one of the Department's degree programs. The Department of Health & Human Performance achieves excellence in implementing challenging academic curricula that prepare leaders in the fields of health, kinesiology, and sport to excel in a dynamic and digital society. The Department empowers and engages students and faculty through applied knowledge and real-world experiences in diverse community and global settings. After completing her degree in Health & Sport Science from the University of Oklahoma and coming to College Station for grad school, the Fortune 500 company Quynh worked for paid for her to complete a PhD in Kinesiology. Areas of Research: Global Health & Corporate Wellness. Dean Culpepper, PhD. Assistant Professor. Dr. Culpepper earned a Ph.D. in Kinesiology from the University of Houston. Health & Human Performance. All Departments. 86 Documents. 9 Researchers. This study was completed over a 3-year period and through 3 phases:(a) formulation of the preliminary Save to Library. by Eddie T. C. Lam, Ph.D. 2. Physical Education, Curriculum and Pedagogy. Confirmatory Factor Analysis of the Spectator Decision-Making Inventory (SDMI). Save to Library. Download. Drinking among college students has traditionally been a part of the college experience. This research Save to Library. Professor, Department of Health and Human Performance. 207 Alumni Memorial Gymnasium. MTSU P.O. Box 96. Academic units of Business; Engineering Technology; Health, Physical Education, and Recreation; Military Science; Nursing and Health Information Technology; Regional Community Policing Institute. 80 full time and 75 part-time faculty members. Typical Academic Dean responsibilities, faculty evaluation, curriculum approval, outreach, assessment, and strategic planning for the College. Initiatives to coordinate and promote academic efficiency and standards including strategic planning in the College, assessment, development of professional development standards, and develop of academic programs.
