Description:

The seventh edition of *Introduction to Special Education; Making a Difference*, reflects a vision of what all schools should provide to students with special needs: schooling that is dedicated to making a difference in the lives of individuals with special needs and their families. When educators use proven and best practices, the end-result will be an accountable and responsive education system where every student succeeds.

Emerging trends: differentiating for all.

Who is special education for? Special education terminology Further reading References. How is Special Education Definition linked to other topics in Module 1 Introduction? Module 1 provides information about the context in which special education is provided in regular schools across Papua New Guinea. This includes an examination of who special education is intended for. Topic 1a Special Education Definition is intended to assist students to understand what is currently meant by the very broad term, special education, in the PNG context, while Topic 1b Special Education Attitudes and Beliefs examines the. Lecturer Support Material. It's the teacher that makes the difference. Lecturer Support Material. PD 5.1 Introduction to Special Education. 3. Special education (also known as special-needs education, aided education, exceptional education, special ed., SEN or SPED) is the practice of educating students in a way that provides accommodations that address their individual differences, disabilities, and special needs. Ideally, this process involves the individually planned and systematically monitored arrangement of teaching procedures, adapted equipment and materials, and accessible settings. These interventions are designed to help... The seventh edition of "Introduction to Special Education; Making a Difference," reflects a vision of what all schools should provide to students with special needs: schooling that is dedicated to making a difference in the lives of individuals with special needs and their families.
